

Real data from real labs

QuidelOrtho conducted a study using real-world data collected from 2,150 customer analyzers in 74 countries[†] over 8 months. All Vitros instrumentation and healthcare settings were included.

Learn more about Vitros quality

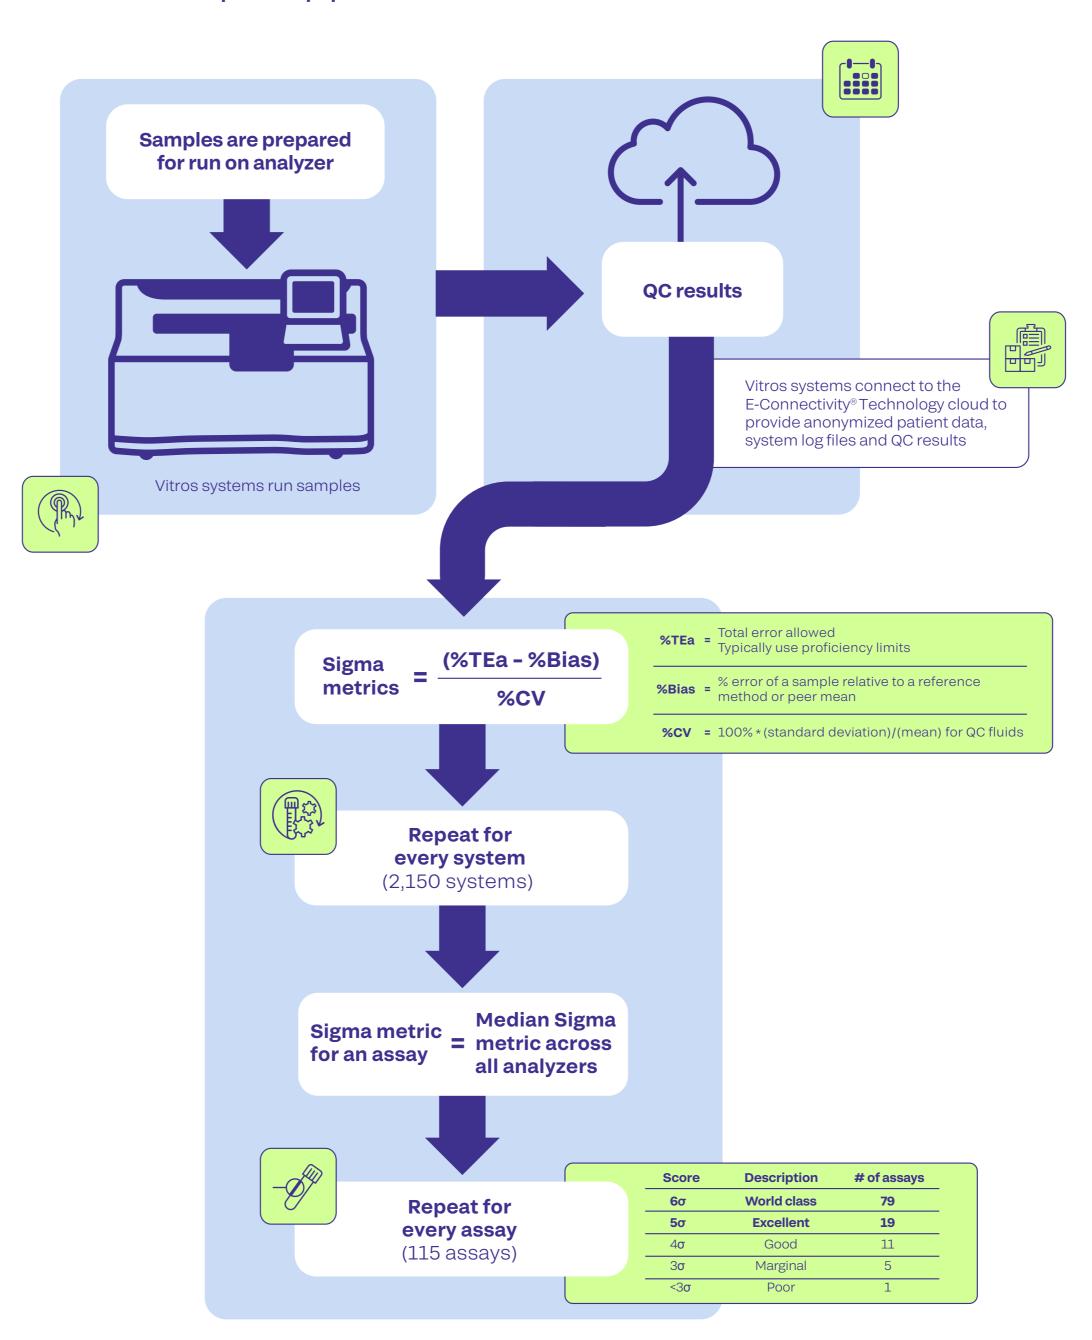

Higher quality means fewer repeats, lower cost, and reduced staff burden because labs get a quality result the first time.

For more details, review the original peer-reviewed publication

Our unique approach makes a difference

Vitros assay quality is consistently demonstrated in real labs
